

E & R United Church of Christ's Fall Sunday School Program!

God's Great Production: Behind the Scenes with the Bible

Dear Families,

We are "rolling out the red carpet" again this year for our exciting Sunday school program entitled "God's Great Production: Behind the Scenes with the Bible! **Join in the fun beginning this Sunday, September 8th upstairs at 9:00 for our Bible Blast day!** We will be getting familiar with the Bible and how to use it by playing some really fun games and of course singing some great songs too!

Our program begins every Sunday during the school year and occurs at the same time as our regular Sunday service. All children are welcome from preschool (age 3) through 6th grade.

Our preschool/Kindergarten program has consistent teachers/helpers to make your child feel comfortable while learning the stories of the Bible. Once your child turns 3 years of age, they are welcome to come and join in the fun! The children play games, complete art projects and learn the stories of the Bible such as Noah's Ark, Moses and the teachings of Jesus, all presented at their learning level. Take home papers are also provided to keep you informed of what your child is learning and some activities to keep the learning going in your own home.

Our Elementary school age program is focused on children from 1st grade to 6th grade. Our church practices a fun and exciting rotation model where 1 story of the Bible is presented multiple weeks. Your child experiences the stories of the Bible through a different learning style each week such as art, drama, video/movie, computers, science and cooking. Children learn best through different means so this model allows children to have the opportunity to hear the Bible stories multiple times in different ways so it maximizes learning.

We also are blessed to include children with special needs in our Sunday school program. They are paired with a buddy who is informed of that child's particular needs and abilities to ensure an optimal learning environment for every child. Lessons are adapted as needed to include all children at whatever level of learning they are at.

Our children also complete 3 mission projects to help learn how their contributions/efforts can help people in our community, our country and in our world. Our first mission this year is a community based mission, where children will bring in money or food items to support the Salvation Army Snack Pack program.

Come join in the fun and see what all the excitement is about! If you have any questions, please contact Mary Ann Proffitt 262-650-0216 . Look forward to seeing you soon!
